PROGRAMMER APPLICATION

Please fill out the previous page then continue with the following:

168 Programmers assist in identification of Award-Eligible and Official Selection Films. These volunteers will screen qualified entries and rate each with a numerical score, which will determine their destiny.

High speed Internet is required (fast enough for HD internet video). Programmers will complete a programming class and agree to view up to 25 ten minute films by the deadline. Having friends or relatives on teams DOES NOT make you ineligible, but you can't judge your friends' films.

Please complete the following to be considered as a Programmer:

I agree with the following statements:

- I am not a member of any current 168 team.
- I will disclose below all known relationships (friends/relatives) of any current team members. I agree to recuse myself (bow out of rating) from rating films, with relational strings attached.
- I will keep confidential all information about the films I screen and about my ratings. I will not disclose or forward any confidential information to anyone other than to 168 staff.
- I will remain objective to the best of my ability and judge according to the [criteria*](#) as provided.

List known friends/relatives on any current team (Please include current team number if possible)

Name	Relationship	Team #
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

If you are a 168 veteran: list the film title, year, your role, and producer's name:
